

EVERDRI CLAY MD

TECHNICAL DATA SHEET

PRODUCT OVERVIEW

Superior performance Clay desiccants for preventing moisture damage during transport and storage

KEY FEATURES

Lowers the relative humidity

Low-Cost

Non-toxic

PRODUCT SPECIFICATIONS

Product name	EVERDRI CLAY MD
CAS Registry Number	70131-50-9
Compositions	Bentonite Clay Weight%: $\leq 90\%$ Calcium Chloride Weight%: $\geq 10\%$
Available packaging material	1 layer (Nonwoven) or 1 layer (Tyvek)
Available sizes	2g, 5g, 10g, 25g, 50g, 100g, 200g, 500g, 1000g, 2000g
Shelf life	Up to 3 years (depending on packaging type)

PERFORMANCE DATA

Conditions	Water vapor absorption capacity
At 25° C, 20% RH	≥ 18.3% of its weight
At 25° C, 40% RH	≥ 27.7% of its weight
At 25° C, 80% RH	≥ 52.0% of its weight

WORKING CONDITIONS

- Ambient Temperature Range: +25° C to +80° C
- Allow at least 3 cm of clearance around the desiccants for proper airflow

⚠ ATTENTION

- EVERDRI CLAY is a non-food product
- Avoid direct contact with the eyes and skin

COMPLIANCE AND CERTIFICATIONS

- REACH compliant
- DMF free

HANDLING

- Keep in airtight containers
- Store in a cool and dry place

DISPOSAL

- Dispose as regular waste
